Hello Ken,

The applicant for the Soitec Solar Farm Project (MUP 12-007) has stated that the Sunrise Powerlink has previously processed a design exception for the driveway shown in the attached files within APN 611-110-01.

Do you remember processing an exception for sight distance at this location? Would you happen to have the Decision Letter?

Thanks,

**René A. Vidales, PE, ENV PV** Civil Engineer
